## MACQUARIE UNIVERSITY HOSPITAL

Macquarie University Hospital is Australia's first and only private hospital on a university campus. We are committed to delivering a positive patient experience and superior clinical outcomes through the best available care. This state-of-the-art hospital offers a comprehensive range of services and specialist areas and features the latest technology, much of it unavailable anywhere else in the country.

To bring the best outcomes to our patients, Macquarie University Hospital follows three simply stated aims: to heal, to learn, to discover.

For a list of all our specialists please visit [www.muhs.org.au](http://www.muhs.org.au)

ZEST Healthcare Communications Suite 1, 213 Miller Street, North Sydney NSW 2060

*Approved: QI&CPD Category 2 (4 pts)*  
*RACGP 2011-2013 Triennium*

Join other Sydney GPs in an interactive educational session by leading Macquarie University Specialists. As well as learning about developments in their respective fields, you will have the opportunity to raise questions and discuss issues with these specialists.

Registration commences at 6.30pm with drinks, followed by rotating presentations by specialists, with round-table discussions. Dinner will be provided. The event will conclude around 9.45pm.

## CARDIOLOGY AT MACQUARIE UNIVERSITY HOSPITAL

Macquarie Heart Clinic brings together leading Specialist Cardiologists in their respective fields to provide the best diagnostic and interventional care at the unsurpassed facilities located in Macquarie University Hospital.

In this practical educational program, state-of-the-art approaches to common cardiac problems are discussed in coronary, valvular, rhythm, and heart failure management.

### DR EDWARD BARIN

Dr Edward Barin coordinates the cardiac diagnostic unit of Macquarie Heart at Macquarie University Clinic, with a focus on heart rhythm and device management. He also directs the Pacemaker and Device Clinic at RNS Hospital, and is Adjunct Professor at UTS, where he has been involved in device based clinical research. He also treats patients at Ryde and Royal North Shore Hospitals, where he is Senior Consultant Cardiologist.

**Topic:** Devices for Heart Failure – When to Consider.

### DR PETER HANSEN

Dr Peter Hansen is an Interventional Cardiologist whose team at RNS Hospital led the way in developing timely catheter reperfusion for patients with myocardial infarction. He now brings his experience to Macquarie University Hospital with a focus on patients with complex cardiac conditions.

He maintains an active research program studying the results of early coronary intervention in STEMI and NSTEMI.

**Topic:** Non-surgical Approaches to Multivessel Coronary Disease.

### ASSOCIATE PROFESSOR RAVINAY BHINDI

Associate Professor Ravinay Bhindi is an interventional Cardiologist at Macquarie University Hospital and Royal North Shore Hospital with experience in innovative cardiac interventions and intravascular coronary imaging.

His extensive research programs include coronary imaging techniques and optimisation of heart function.

**Topic:** Minimally Invasive Cardiac Techniques.

### DR MICHAEL WARD

Dr Michael Ward is an Interventional Cardiologist at Macquarie University and RNS Hospitals with wide clinical and research experience in the vascular biology of atherogenesis, including postgraduate studies at the Baker Institute in Melbourne. He translates this expertise to his work in the diagnostic laboratories at Macquarie University Hospital, and is nationally recognised for his skill in endocatheter techniques. His research has enhanced understanding of the biology of ischaemic syndromes and heart failure.

**Topic:** The Breathless Patient – Ischaemia, Heart Failure, or Both?
