RACGP 2014-2016 Triennium

Join other Sydney GPs in an interactive educational session by leading Macquarie University Hospital Specialists. As well as learning about developments in their respective fields, you will have the opportunity to raise questions and discuss issues with these specialists.

Registration commences at 6.20pm with drinks, followed by presentations by specialists. Dinner will be provided. The event will conclude around 9.45pm.

The experts

ASSOCIATE PROFESSOR RAMI SORIAL

Associate Professor Rami Sorial graduated from Sydney University medical school with first class honours and completed training with the Australian Orthopaedic Association in 1993. He undertook two further years of subspecialty training in hip and knee reconstructive surgery including fellowships in Phoenix, Arizona and at the Brigham and Women's Hospital and Harvard University in Boston. After working in London for 6 months he returned to a senior lecturer post at the Royal North Shore Hospital in 1996. He was appointed to the Nepean Hospital in 1997 and continues to provide a specialty practice in both primary and complex revision joint reconstruction, knee and hip replacement, arthroscopic knee surgery and ligament reconstruction as well as a trauma service for a busy regional trauma centre. He is currently Head of Department at Nepean Hospital in Penrith. Associate Professor Sorial served 10 years on the AOA training committee with 4 years as chairman of the NSW training committee and ongoing commitment to registrar training and education. In 2010 he commenced specialty practice at Macquarie University Hospital as a senior scholar and in 2013 was appointed Adjunct Associate Professor of surgery for the Nepean clinical school, Sydney University. Associate Professor Sorial has lectured both nationally and internationally and has participated in demonstration surgeries locally and internationally. He was awarded a visiting professorship through Sichuan University for his work in West China Hospital, Chengdu and is currently the President of the Asia Pacific Arthroplasty Society. He is a Fellow of the Royal Australasian College of Surgeons.

Topic: Knee pain - acute assessment and primary management

ASSOCIATE PROFESSOR HABER

Associate Professor Haber is a specialist orthopaedic surgeon focused on advanced shoulder arthroscopy techniques. He is one of the leading arthroscopic shoulder specialists in Australia. Since 2000, Associate Professor Haber has performed more than 2,000 shoulder arthroscopies and pioneered a modified technique for arthroscopic rotator cuff repair. The technique is now widely used in Europe, England and in the US.

His ongoing research includes rigorous post-operative evaluations, looking at ways to optimise rehabilitation. He has presented at major international orthopaedic conferences in both Australia and abroad, winning best paper awards and international recognition. He teaches advanced arthroscopic shoulder techniques to surgeons in Australia, Asia and Europe, and frequently welcomes domestic and international visitors to his operating theatres.

Topic: Shoulder pain update, current trends in assessment and management principles

DR ALI GURSEL

Dr Gursel is an orthopaedic surgeon with interests in hip and knee surgery, arthroscopic surgery, joint replacement and revision surgery. He is a former member of the Hip Advisory Committee, Standards Australia, and current member of the Australian Society of Orthopaedic Surgeons, Arthroplasty Society of Australia, International Associate of American Academy of Orthopaedic Surgeons and the Hip Arthroscopy Society. He is the current Chairman of the NSW branch of AOA, and serves on the Medical Services Committee. Dr Gursel graduated from the University of New South Wales with honours in 1992 and spent his junior years at Concord Repatriation Hospital. He commenced his AOA accredited orthopaedic training with the Sydney Northside Scheme and obtained his Orthopaedic Fellowship (FRACS) in 2001. This was followed by arthroplasty fellowships in the UK and Australia. He is an associate of Specialty Orthopaedics based at Bella Vista and consults at Macquarie University Clinic, The Sydney Adventist Hospital and Norwest Private Hospital.

Topic: Computers in orthopaedics

DR SIMON COFFEY

Dr Coffey is an Orthopaedic Surgeon and Clinical Lecturer at the Faculty of Medicine and Health Sciences, Macquarie University. He has a particular interest in primary and revision hip and knee replacement as well as lower limb reconstruction and sports injuries. Dr Coffey has been in specialist orthopaedic practice since 1997. He has held senior clinical administrative roles as department head and AOA State Chairman. He continues to be actively involved in student and registrar training. He is a regular invited guest lecturer at instructional courses in joint replacement held within Australia and internationally. Dr Coffey is a Fellow of the Australian Orthopaedic Association and the Royal Australasian College of Surgeons. He is a member of the American Academy of Orthopaedic Surgeons, the Australian Society of Orthopaedic Surgeons and the Australian Medical Association. Dr Coffey's special interests are Primary Hip and Knee Replacement, Unicompartement Replacement (including Patellofemoral Replacement), Revision Hip and Knee Replacement, Knee Reconstruction, Patellofemoral Instability Problems and Arthroscopic Knee Surgery.

Topic: Pain management in hip and knee replacement
