### **Macquarie University Hospital**

MQ Health is Australia's first fully integrated university-led health sciences centre, combining excellence in clinical care with teaching and research. Macquarie University Hospital is an important part of this entity. The hospital is Australia's first private hospital on a university campus. We are committed to delivering a positive patient experience and superior clinical outcomes through the best available care.

This state-of-the-art hospital offers a comprehensive range of services and specialist areas and features the latest technology, much of it unavailable anywhere else in the country.

To bring the best outcomes to our patients, Macquarie University Hospital follows three simply stated aims: to heal, to learn, to discover.

For a list of all our specialists please visit muh.org.au

# Specialist brief

Invitation

SP52\_V\_1\_042

### On the night

Tuesday 30 May 2017 Registration 6.15pm – 6.30pm start at Macquarie University Hospital 3 Technology Place Macquarie University NSW 2109

Parking is available in the hospital's underground car park, (meet in the hospital foyer, ground floor).

RSVP by Friday 26 May 2017

Approved: QI&CPD Category 2 (4 pts) RACGP 2017-2019 Triennium Activity Number 87948

Join other Sydney GPs in an interactive educational session by leading Macquarie University Hospital Specialists. As well as learning about developments in their respective fields, you will have the opportunity to raise questions and discuss issues with these specialists.

Registration commences at 6.15pm with drinks, followed by presentations by specialists. Dinner will be provided. The event will conclude around 9pm.

### The experts

#### **PROFESSOR MICHAEL VALLELY**

Professor Vallely is a leading cardiothoracic surgeon with a special interest in elderly and high-risk patients with multiple medical issues, and minimally invasive heart and lung surgery. He has clinical and academic interests in minimising the invasiveness of cardiothoracic surgery and is a world authority on total arterial, anaortic, off-pump coronary artery bypass surgery. He also has interests in minimally invasive cardiac surgery (MICS and Da Vinci robotic surgery), transcatheter (TAVI and Mitra-Clip) cardiac surgery, thoracic aortic surgery, geriatric cardiac surgery and hybrid procedures including the use of ECMO. Professor Vallely has a special interest in electrophysiological (pacemakers, defibrillators and CRT) devices and performs more than 250 implants per year.

Topic: Combined Anaortic Opcab & Carotid Endarterectomy

### **DR PETER ILLES**

Dr Illes trained at the University of Cape Town in General Medicine, receiving an MB BCh, and subsequently attained his FCP (SA). Dr Illes has a special interest in interventional cardiology, device implantation of pacemakers and defibrillators, and cardiac resynchronisation therapy, for which he conducted the first implant in Australia. He is also interested in heart failure management. He now administers one of the largest home monitoring sites for pacemakers and defibrillators – monitoring over 200 patients remotely. This site is run with the cooperation of other cardiologists whose patients are monitored. Dr Illes is the principle investigator in numerous pacemaker and defibrillator outcome trials, including for PASSES (Medtronic), FREEDOM (St Judes), COGNITION (Biotronik), IN-TIME (Biotronik, IMPACT (Biotronik).

Topic: Device therapies in heart failure

### **DR WALID MOHABBAT**

Dr Mohabbat is a vascular surgeon who completed training with the RACS and then spent two years in the Cleveland Clinic in the US in subspecialty training. He specialises in endovascular stent graft repairs for aortic aneurysms and dissections including fenestrated and branched repairs, carotid endarterectomy and carotid artery stenting. Lower extremity endovascular treatments include angioplasty, stenting, laser arthrectomy and endovenous laser ablation of varicose veins.

Topic: Current techniques in vascular surgery

### DR MARTIN BROWN

Dr Brown graduated from London University in 1994 and completed specialist training in cardiology and general medicine in 2007. He studied a Fellowship in advanced heart failure and cardiac transplantation at The Prince Charles Hospital in Brisbane in 2008 and was a staff cardiologist in the transplant unit for 5 years until he returned to Sydney in 2014. He was awarded Fellowship to the Royal Australasian College of Physicians in 2007, the Cardiac Society of Australia and New Zealand 2009, the European Society of Cardiology 2012 and the Royal College of Physicians (London) 2014. Dr Brown is accredited in both cardiology and general medicine specialising in advanced heart failure, adult congenital heart disease, pulmonary hypertension, percutaneous valve therapies, high-risk cardiothoracic surgery patients and transplant cardiology.

Topic: Heart failure

#### **DR DANIEL NGUYEN**

Dr Nguyen studied medicine at the University of NSW (BSc (Med) MBBS) and graduated in 2003 with honours. He undertook specialist training in general surgery through the Royal Australasian College of Surgeons which he completed in 2011. He continued specialist training in vascular surgery though the Royal Australasian College of Surgeons which he completed in 2016. Dr Nguyen trained at Royal North Shore Hospital, Westmead Hospital, Wollongong Hospital, Queen Elizabeth Hospital and St Vincent's Hospital Melbourne. His memberships include Fellow of the Royal Australasian College of Surgeons and Member of ANZSVS - Australia and NZ Society of Vascular Surgery. Dr Nguyen is currently appointed as a staff specialist at Nepean and Blue Mountains Public Hospital. His particular interests include venous disease and thrombosis, fistula access surgery and diabetic foot disease. Dr Nguyen is fluent in Vietnamese.

**Topic: Leg ulcers**
